TURKS AND BULGARS IN BIG BATTLE

LONDON, October 22.—Rumors have reached this city in the shape of special dispatches indicating that a bloody battle has been fought between the Turkish main army and the invading Bulgarians on the Turkish side of Kilik Pass, above Adrianople.

The number of casualties on the Bulgarian side is given as two thousand killed and four thousand wounded. There is no intimation so far of the Turkish losses, neither is it stated as to which side is the victor. It is believed, however, that the Bulgarian army was repulsed.

Over-Night FEDERAL Wireless To the Advertiser

Greek warships have been bombarding the Turkish port of Preveza since Monday, according to a report received here today. Preveza is situated at the entrance of the Gulf of Arta, the opposite shore of which is Greek Territory.

The massacre of one hundred and forty-seven Bulgarian peasants by Turkish soldiers in the village of Girenno, near Kotschana, is reported by the correspondent of the government organ, Mir.

The bulletin issued from Progressive national headquarters, this afternoon said:

"The condition of Colonel Roosevelt's wound is open and oozing. Rest and quiet are essential to him to avoid the possibility of wound infection. He will be unable to see anyone today or tomorrow."

Daniel Robertson, an eighteen-year-old law student in the University of Southern California, who is employed as night counter clerk in a local telegraph office, found a wallet containing \$47,000 in gold, negotiable notes and certificates of deposit, which had been left on the counter in the office where he is employed.

After an all-day search, Robertson located the owner last night. The owner refused to make any statement, and his name was not divulged.

Jack Johnson, the big negro pugilist of Chicago, will not be allowed to appear on any vaudeville stage in Kansas City, if Mayor Joost can prevent it, because of his part in the alleged abduction of the Cameron white girl.

"I shall instruct the chief of police, Mayor Joost said, 'as a matter of public safety and decency, to suppress any public appearance of the black prizefighter in Kansas City.'"

Don M. Dickinson, postmaster general under President Cleveland, once chairman of the Democratic National committee, and until recently a supporter of Woodrow Wilson, has sent a telegram to Col. Theodore Roosevelt assuring him of his support for the remainder of the campaign.

Campaigners are revising plans for the wind-up of the presidential fight. The injury to Colonel Roosevelt, the sudden withdrawal of Governor Woodrow Wilson from the stump, and the fact that neither President Taft nor Vice-President Sherman have taken part in the active work of the campaign, has resulted in changing plans in all three of the chief political campaigns.

President Charles A. Comiskey, of the Chicago American League baseball club, with fifty-four of his friends and associates, left Monday night on the thirteenth annual pilgrimage to Camp Jerome, Mercer, Wisconsin, for a hunting and fishing outing.

Representations have been made to Mexico City that United States citizens and their property in Vera Cruz must be protected. Theadero government has assured the United States such a request will be obeyed.

A demand for the surrender of the City of Vera Cruz was sent yesterday by General Bellan, the commander of the Government troops. The letter was brought to the rebel lines by Captain Bimon and was couched in most polite terms, concluding with the intimation that if the rebels did not surrender, duty would oblige the Federal commander to use force.

Do you know where the nearest street fire alarm box is? Do you know how to operate it? The opening of the door alone will not send in the alarm. Do your employees know these things? If your telephones were out of commission, you would have to depend on the street alarm. When every minute is vital, it will not do to waste time looking for the box. Find out where it is. See that everyone in your place knows. Post the information prominently and permanently.

With the Denio system, you are safe, even if your telephone is out of order. Put it in and be safe.

No. Alonzo, you can't always bring a girl to time by carrying her picture in your watch case.

TWENTY-NINE YEARS OF THE LUNALILO HOME

Following is the report of Hon. W. O. Smith, managing trustee, on Lunaliilo Home for Aged and Indigent Hawaiians:

Since the last annual report Mrs. E. A. Weaver tendered her resignation as manager of the Home, which resignation took effect May 1, 1912. Mrs. Weaver had been manager of the Home since May 1, 1901, and thus completed eleven years of service.

The trustees appointed Mr. Alfred H. Smith to be manager and he took charge on May 1st. He is ably assisted by his wife, and the Home and its business is being well cared for.

It will be seen by the manager's report that on the 1st of August, 1911, there were 56 inmates and on July 31, 1912, there were 60, and the daily average was 58.49.

In estimating the average cost per capita in maintaining the Home, the practice has been to include the expenses directly incurred in connection with the Home; these expenses come under the following heads: Running expense, care of grounds, medical attendance and medicines, stables and carriages and repairs. The average cost per capita during the past year has been \$215, while the cost per capita for the previous year was \$174.82. The cause of this greater cost was the unusual expense incurred for repairs, these costing in 1912 \$2,649.85, while in 1911 they cost only \$275.50. The difference being \$2,622.35, which expense alone would average \$44.81 per capita. Without these unusual expenses for repairs the average cost per capita would be \$170.19.

The following table gives the average attendance during the past ten years and average cost per capita:

	Average Attendance	Average Cost
1903	48.09	284.77
1904	58.00	198.94
1905	62.62	174.35
1906	59.00	184.65
1907	54.85	202.67
1908	52.29	194.04
1909	51.76	193.32
1910	55.01	179.23
1911	56.97	174.82
1912	58.49	215.00

The total attendance for the ten years being 557.08 and the total average cost \$2,001.79; making an average cost per capita during the ten years of \$360.18 per annum.

The unusual expenses of the year were due to a general overhauling and repairing of the main buildings and the construction of a new laundry house with concrete floor and

tubs. In 1903 the average cost was \$284.77, due largely to the expenses of a general overhauling and repairing during that period. Ordinary repairs are made each year but from time to time larger and more expensive repairs are necessary.

An examination of the records shows that the total number of inmates at the Home since it was opened in 1883 has been 472. Of these 329 were men and 143 women, making 70 per cent. men and 30 per cent. women. This is probably due to the fact that the children, grandchildren and relatives are more inclined to provide for the mothers and grandmothers.

The following is a list of the number of persons admitted as inmates each year:

	Men	Women	Total
1883	19	11	30
1884	6	4	10
1885	10	5	15
1886	5	1	6
1887	20	9	29
1888	6	4	10
1889	7	5	12
1890	4	8	12
1891	8	8	16
1892	10	7	17
1893	11	2	13
1894	14	9	23
1895	15	3	18
1896	10	2	12
1897	10	2	12
1898	11	4	15
1899	16	1	17
1900	11	2	13
1901	11	5	16
1902	10	3	13
1903	17	6	23
1904	10	6	16
1905	8	4	12
1906	11	5	16
1907	9	1	10
1908	11	6	17
1909	13	5	18
1910	17	7	24
1911	10	3	13
1912	13	5	18
	329	143	472

The report of Dr. F. F. Hedemann, the attending physician of the Home, shows that the general health of the inmates during the year has been good and the deaths have occurred chiefly from old age and diseases incident thereto.

Respectfully submitted,
W. O. SMITH,
Managing Trustee.

Honolulu, Oct. 1, 1912.

Just because a man does the things his wife wants him to do is no sign that he's stuck on the position.

LOTS OF BEAUTIFUL, GLOSSY HAIR, NO DANDRUFF, 25 CENT "DANDERINE"

Hair Coming Out?—If Dry, Brittle, Thin or Your Scalp Itches and Is Full of Dandruff—Use "Danderine"

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

\$500—\$1000—\$5000 Can Be Invested In a Safe Convertible 6% Investment

You have a positive right to insist upon receiving the full earning power of every dollar you invest.

Safety is ALL important—no other consideration can affect the influence of this vital factor. But the income yield is the real reason for making the investment.

The maximum earning power, consistent with safety, of invested money is absolutely fixed by laws of finance which govern every commercial relation. The individual who attempts to secure more must do so at the expense of safety itself, while the investor who is content with less is depriving himself of what is rightfully his own.

Safe 6% First Mortgage Bonds

We own and offer First Mortgage Bonds based on improved, centrally located, income-earning Chicago real estate of the highest class.

Securities of this type offer unquestioned safety, with an unusually attractive income yield. They are the one fundamental investment.

In accordance with the rigid and unvarying policy of this house, the value of the underlying security, conservatively appraised, must be at least double the total amount of the bond issue. The annual income from the property, in every case, is at least three times the greatest annual interest charge. Every issue is covered by a title guarantee policy from a title and trust company of Chicago, guaranteeing these bonds to be absolute first lien on the property.

These bonds may be obtained in denominations of \$100, \$500, \$1,000 and \$5,000—to mature serially in from two to fifteen years.

30 Years Without a Dollar Loss

For the past thirty years we have sold this class of securities exclusively, and it is a significant fact that during that entire time not one client has ever lost a single dollar, either of principal or interest, on any security purchased from us.

Quick convertibility into cash is assured through our custom of repurchasing securities from our clients, when requested, at par and accrued interest, less a handling charge of one per cent.

Interesting literature of extreme value to every conservative investor, including a copy of the semi-monthly Investor's Magazine, will be mailed on request.

A very choice list of carefully selected, specific issues has been prepared. Ask for Circular No. 101.

After Two Thousand Years "The Light Hiders" Are Still With Us!

"Hide not your light under a bushel," the positive admonition of the Wisest Teacher, applies as certainly to the practical affairs of life today as to the spiritual life of the first century.

The man or woman who is exceptionally well fitted to do some particular kind of work SHOULD FIND THE OPPORTUNITY TO DO THAT WORK—TO USE THAT TALENT—and it happens, as things are now constituted, that the chance to "make your light shine before men" comes through a wise and timely use of the classified ads. The employer to whom your talent would be worth most must be told who you are, and what you can do, and how to find you. Whether your talent is great or small—someone needs you. If you are able to do useful work in the world, the work awaits your hand. But it will not often come to you unsought. You must tell what you can do—little matter whether it is menial or highly skilled work—in order to find your best niche of service. Browning, a wise man of a later day, said: "All service ranks the same—there is no last or first."
